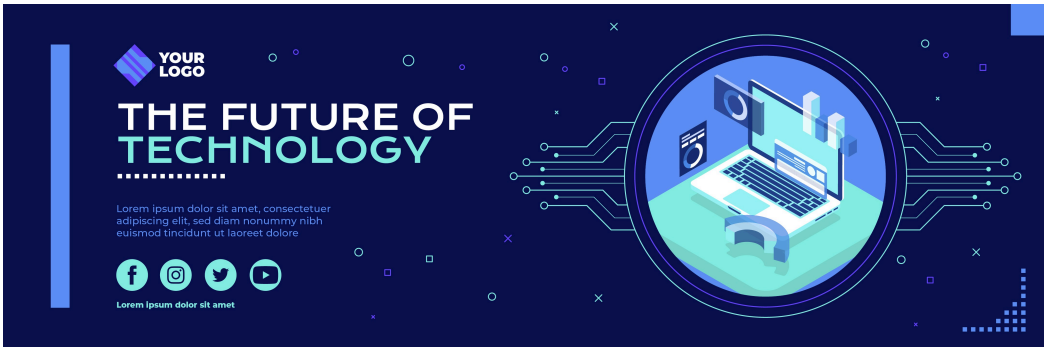
College ICT Club

Learning ICT through practice and teamwork



About the Club

The College ICT Club helps students practise HTML, web design, programming basics and project presentation.

Members work together, share ideas and build small projects.

Activities

- HTML practice
- Website design
- Image and hyperlink practice
- Project presentation

Weekly Plan

Day	Topic	Task
Sunday	HTML Structure	Create a webpage skeleton
Tuesday	Links and Images	Build a gallery page
Thursday	Forms	Collect member information
